Diademed Sifaka  
(*Propithecus diadema*)

The Rainforest of the East - World Heritage  
of UNESCO

Babakoto (*Indri indri*)  
The Biggest lemur in  
Madagascar

**The Wonders Of Nature in 5-Day Tour : “Wildlife Expeditions and Culture Immersion” – The Forest of The East – Alaotra Lake.**  
 (Antananarivo – Andasibe – Mantadia – Ambatondrazaka – Alaotra Lake)

Bandro (*Hapalemur alaotrensis*) Endemic species  
of Alaotra region

From January 01<sup>st</sup> 2025 to December 2025

**This 5-day Madagascar itinerary invites you on a complete immersion into the Malagasy nature and culture.** From the moment you step foot in the iconic Andasibe-Mantadia National Park, home to the largest lemur species, you'll be captivated by the island's unique biodiversity. Explore the serene beauty of Lake Alaotra, where you'll encounter the elusive Bandro lemur. Beyond the wildlife, immerse yourself in the rich tapestry of Malagasy life. Visit traditional villages, savor authentic cuisine, and learn about local customs. This journey is more than just a vacation; it's an opportunity to connect with nature and culture in a profound way.

- Highlights:**
- The chance to see lemurs in their natural habitat
  - Incredible wildlife in Andasibe NP, Mantadia National Park
  - Vakona Reserve – Peryeras Reserve – Bandro Park
  - The tropical rainforest in the east
  - Night walk in the rainforest
  - Visit to local tribe and village
